

## Message from Leadership

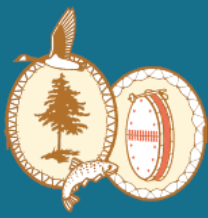

- The dramatic spike in cases in Ontario and Quebec, and the recent cases in Eeyou Istchee are all associated with social gatherings contrary to the applicable restrictions. There was a ban on social gatherings in Chibougamau at the time the social gathering there led to 15 cases in Oujé-Bougoumou, 12 cases in Mistissini and 3 other community members residing outside Eeyou Istchee. Communities are now in different Phases of the deconfinement plan, providing different levels of allowable social gatherings. It is imperative that community members respect these restrictions, it is one lapse in judgement that exposes the most vulnerable in our communities.
- The Cree Communities of Eeyou Istchee are currently exempt from the “Lockdown” measures of the Government of Quebec, however community members must be extremely careful when traveling outside of a community during the hours of the Quebec curfew: 8PM to 5AM. Cree travelers have already received \$1,550.00 dollar fines driving past the La Grande Airport, driving through Chibougamau or Val-d'Or during the curfew. This is one more reason among many why travellers should limit travel to only essential purposes.
- The Cree Board of Health and Social Services of James Bay has received confirmation that all required doses for EVERYONE present in a community wanting to be vaccinated will be able to be vaccinated. At this time those under 18, not eligible until the vaccine is studied further for their specific situation. For nursing mothers, studies have demonstrated that the vaccine is safe for them and Doctors will be discussing the possibility of taking the vaccine on a case by case for pregnant mothers. Delivery of the Moderna vaccine in Quebec will be on January 14<sup>th</sup>, 2021, the vaccine will then be separated and reserved for Eeyou Istchee on the 15<sup>th</sup> and 16<sup>th</sup> of January 2021 with distribution and vaccination expected to begin throughout Eeyou Istchee on January 17<sup>th</sup>, 2021.

### Travelling

With the “Lockdown” measures that were announced by the Government of Quebec closing all non-essential services outside Eeyou Istchee this week, there is NO reason for people to be traveling outside of a Cree community for non-essential purposes. **Travellers are advised that they must verify the restrictions that are applicable at their community of destination to ensure that they are permitted to enter prior to departure.**

## Eeyou Istchee Deconfinement Plan

Due to the different levels of risk that communities are exposed to, we have a number of communities at different phases.

### PHASE 3

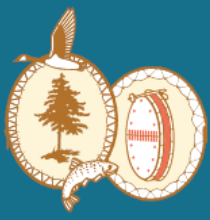

- Outdoor gatherings 75 or 10 households
- Indoor gathering 25 or 3 households (This limitation applies to indoor private gatherings and indoor public events, such as sporting events)
- There is no need to close offices in Eeyou Istchee so long as the proper precautionary measures are maintained.

### PHASE 2

- Outdoor gatherings 2 households maximum.
- Indoor gathering same 2 households at all times.
- There is no need to close offices in Eeyou Istchee so long as the proper precautionary measures are maintained.

### PHASE 1

- Prohibition on gatherings indoor and outdoor.
- Public buildings are upon appointment only.
- Access to and from the community is restricted to essential services only.
